ABOUT US

Abby Laboratories is a chemical manufacturer based in Gqeberha, supplying the water treatment, automotive, textile, and related industries since 1999. We manufacture water treatment chemicals and formulate specialised chemicals tailored to our customers' specific applications. Our commitment to quality, integrity, service, safety, and compliance has positioned us as a trusted partner across multiple sectors.

Our specialisations include flocculants, coagulants, dewatering aids, forming lubricants, automotive magnetic materials, sound deadening materials, and textile additives.

Our Mission

To provide innovative, safe, and reliable chemical solutions that support our customers' operational success.

Our Vision

To be the preferred supplier to the water treatment, automotive, textile, and related industries.

ACCREDITATIONS & COMPLIANCE:

- ISO **9001:2015**
- ISO **14001:2015**
- ISO **45001:2018**
- B-BBEE **LEVEL 4**

Our Products & Services

EXPERTISE IN MUNICIPAL WATER & DAM TREATMENT

We manufacture a wide range of chemicals to support municipal and industrial water treatment processes:

- Flocculants & Coagulants
- Dewatering Aids
- pH Adjustment Chemicals
- Clarification & Settlement Aids
- Custom-Blended Water Treatment Solutions

INDUSTRIAL & AUTOMOTIVE CHEMICAL SOLUTIONS

We supply specialized chemicals for automotive, textile, and general industrial applications:

- Forming Lubricants
- Automotive Magnetic Materials
- Sound Deadening Materials
- Degreasers & Cleaning Chemicals
- Textile Additives & Processing Aids
- Antifoam & Antistatic Agents

Industries We Serve

Abby Laboratories supplies specialised chemical solutions across key industrial sectors. Our expertise allows us to support diverse applications — from municipal water treatment to automotive and textile manufacturing.

WATER TREATMENT & MUNICIPAL SECTOR

We supply a full range of water treatment chemicals designed for municipal waterworks, dams, wastewater plants, and effluent treatment operations. Our products support purification, clarification, sludge management, and process optimisation.

AUTOMOTIVE & AUTO-COMPONENT MANUFACTURING

We formulate and supply chemicals used in metal forming, magnetic materials, sound-deadening systems, and general automotive production processes. Our solutions support efficiency, performance, and consistency in auto-component manufacturing.

TEXTILE MANUFACTURING & PROCESSING

We serve the textile industry with antistatic agents, scouring aids, processing additives, and fibre-specific chemical support. Our products enhance processing efficiency and ensure high-quality textile outcomes.

GENERAL INDUSTRIAL MANUFACTURING

We support a wide range of industrial operations with degreasers, pH adjusters, antifoam agents, hygiene solutions, and other specialty formulations. We also provide custom chemical formulations tailored to specific industrial applications.

WHY CHOOSE US

Abby Laboratories supplies specialised chemical solutions across key industrial sectors. Our expertise allows us to support diverse applications — from municipal water treatment to automotive and textile manufacturing.

PROVEN INDUSTRY EXPERIENCE

With over 25 years in chemical manufacturing, we have a strong track record supporting water treatment, automotive, textile, and general industrial sectors across South Africa.

MUNICIPAL WATER TREATMENT EXPERTISE

We understand municipal requirements. Our formulations support dam treatment, raw-water clarification, turbidity reduction, and sludge management — making us a trusted partner for municipal tenders.

QUALITY ASSURANCE YOU CAN TRUST

We operate under internationally recognised quality standards and maintain strict process control. Our consistent quality ensures reliable performance across all applications

TECHNICAL SUPPORT & APPLICATION EXPERTISE

Our technical team provides:

- On-site assessments
- Product optimisation
- Process support
- Troubleshooting & improvement recommendations

We don't just supply chemicals — we offer solutions.

TECHNICAL SUPPORT & APPLICATION EXPERTISE

Abby Laboratories prioritises strong relationships, reliability, and continuous support. Many of our clients have partnered with us for decades, trusting our consistency, service and innovation.
